[Sapporo station north area] Edition

SAPPORO BURARI TECHO" is a handbook created by Sapporo Concierge, a group of Sapporo City tourism-related business members who gathered to hold workshops and discussions in groups by area, and to actually walk around the city, as though they were travelers. They spent six months exploring the charm of their own town and created this handbook.

The "Sapporo Burari Techo" features attractive places and stores that are only noticeable after living in Sapporo. The model courses were created with the hope that visitors will feel excited as they walk the streets of Sapporo, and fall in love with it even more. Please enjoy the new and unordinary charm of Sapporo.

Boys, be ambitious!

The Hokkaido University campus, famous for the phrase, "Boys, be ambitious," stretches to the north of JR Sapporo Station, and is a place where you can still see the scenery reminiscent of those pioneering days. Walking around Hokkaido University (aka, Hokudai), one can sense three ambitions, the "pioneering ambition" of the people who gathered in Sapporo of foreigners who came to Hokkaido from Europe and the U.S. to pioneer the land and share their skills and culture, and the "continuing ambition" of the students and researchers who studied and took up challenges at Hokkaido University. Feel these three ambitions that are the culmination of the generosity and challenging spirit of Hokkaido residents, who say, "It'll work out somehow, let's just give it a try," and the charm of Hokkaido's rich and tasty agricultural products.

●Eateries within Hokkaido University

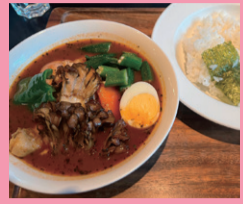

Hokkaido University has several cafeterias and cafés. "12 Café de Gohan," located right next to the main gate of Hokkaido University, offers a variety of menus from breakfast to dinner.

On sunny days, be sure to sit out on the terrace.

The original goods sold at the store are highly recommended as souvenirs.

"10 Polus," located inside the Hokkaido University Museum, is a café that focuses on Hokkaido-made ingredients.

The "11 Hokudai Marche Café & Labo" serves Hokudai milk and its dairy products. Each restaurant also offers dishes that make use of Hokudai brand ingredients on an irregular basis.

●Curry

The area around Hokkaido University is a fierce battleground for curry. The first place to go for soup curry is the long-established "7 Picante Main Restaurant," where the combination of three types of soups and ingredients is a must for any visitor. "6 Curry Tamasii Destroyer" offers the most popular curry, "Nutto Minced Meat Curry." "3 Soup Curry Cocoro" serves bouillon and tomato soup curry. "Curry Terracotta" specializes in keema, roux, and soup curry. Aigake, where you can choose two or three kinds of curry, is also fun! "Spice" is also a must stop for traditional North Indian curry prepared by an Indian chef.
