SAPPORO BURARI TECO" is a handbook created by Sapporo Concierge, a group of Sapporo City tourism-related business members who gathered to hold workshops and discussions in groups by area, and to actually walk around the city, as though they were travelers. They spent six months exploring the charm of their own town and created this handbook.

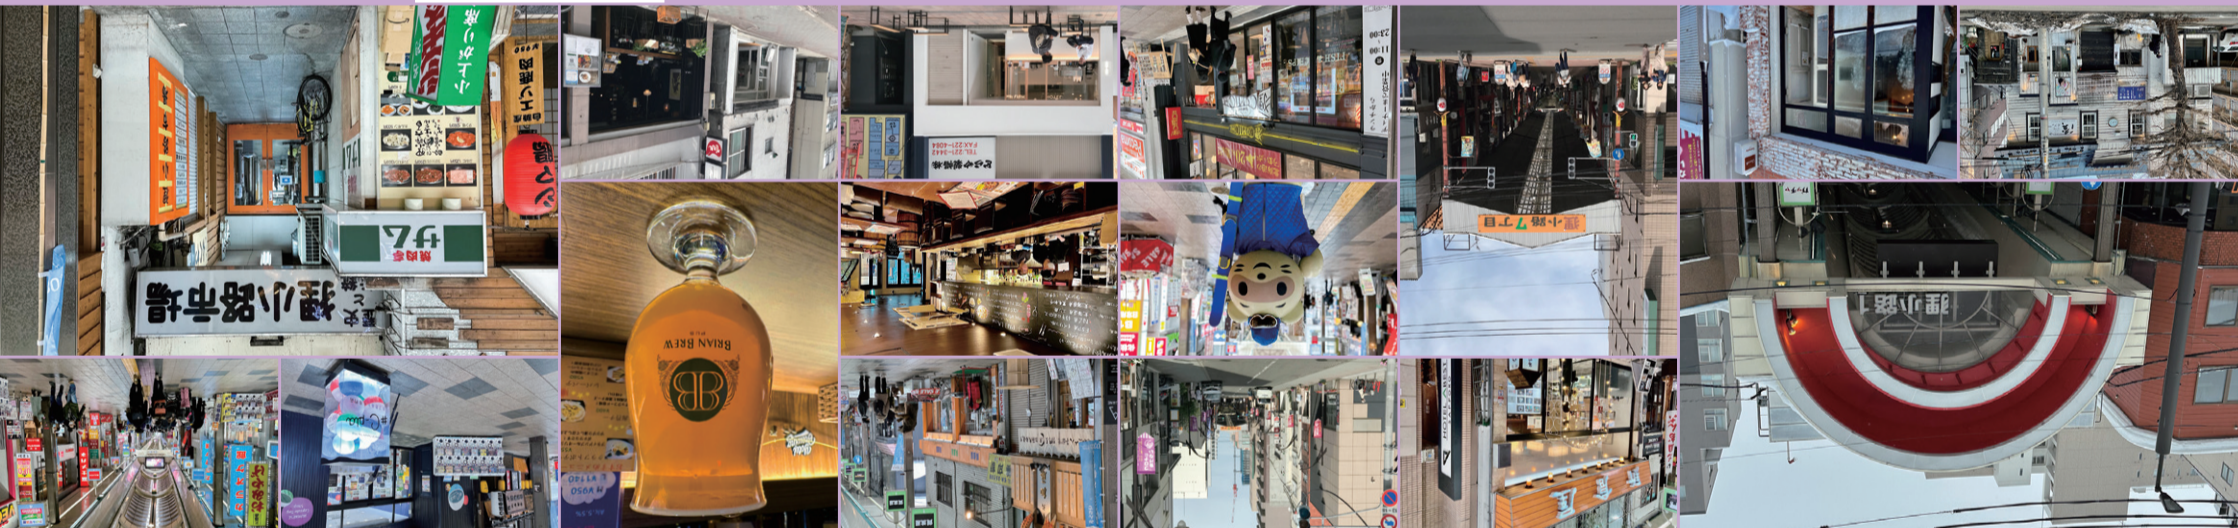

The "Sapporo Burari Techo" features attractive places and stores that are only noticeable after living in Sapporo. The model courses were created with the hope that visitors will feel excited as they walk the streets of Sapporo, and fall in love with it even more. Please enjoy the new and unordinary charm of Sapporo.

A shopping arcade that can be enjoyed regardless of the weather
Tanukikoji can be accessed by walking through the underground shopping arcade even on rainy or snowy days, or by taking the streetcar.
Tanukikoji is covered by an arcade from 1-chome to 7-chome, so it can be enjoyed regardless of the weather. If you look closely at the arcades, you will notice that 7-chome is a bit older. You may also note that each arcade has its own expression.

Three Faces of Tanukikoji!
is one of the oldest shopping streets in Hokkaido, stretching 900 meters east to west from 1-Chome to 7-Chome, and you can walk through the rows of stores in no time.
Each block has its own unique characteristics, and we recommend Tanukikoji! 1-chome to 3-chome if you want to feel the vestiges of an old shopping street. Tanukikoji! 3-chome to 5-chome has souvenir stores and drugstores that attract many in-bound visitors, and Tanukikoji! 6-chome to 9-chome offers unique stores that are both nostalgic and new. ● **Tanukikoji Market**

9 Tanukikoji Market is located on the south side of Tanukikoji 6-chome. It was established in the early Showa era. In the past, there used to be many stores lined both sides of the aisle selling merchandise face-to-face, but now only a fresh fish store and a fruit and vegetable store remain. Small restaurants have been added little by little, blending the old with the new and creating a unique atmosphere. The variety of restaurants includes "Sushi Shimokura," Robata-yaki (Robata grill) "Menme," "Kirin" (dumplings and xiaolongbao), "Gon" (soba noodles and a la carte dishes), "Matsuri Sushi" (stand-up-eating), "Jingisukanya Miyashita Shoten," and many more.

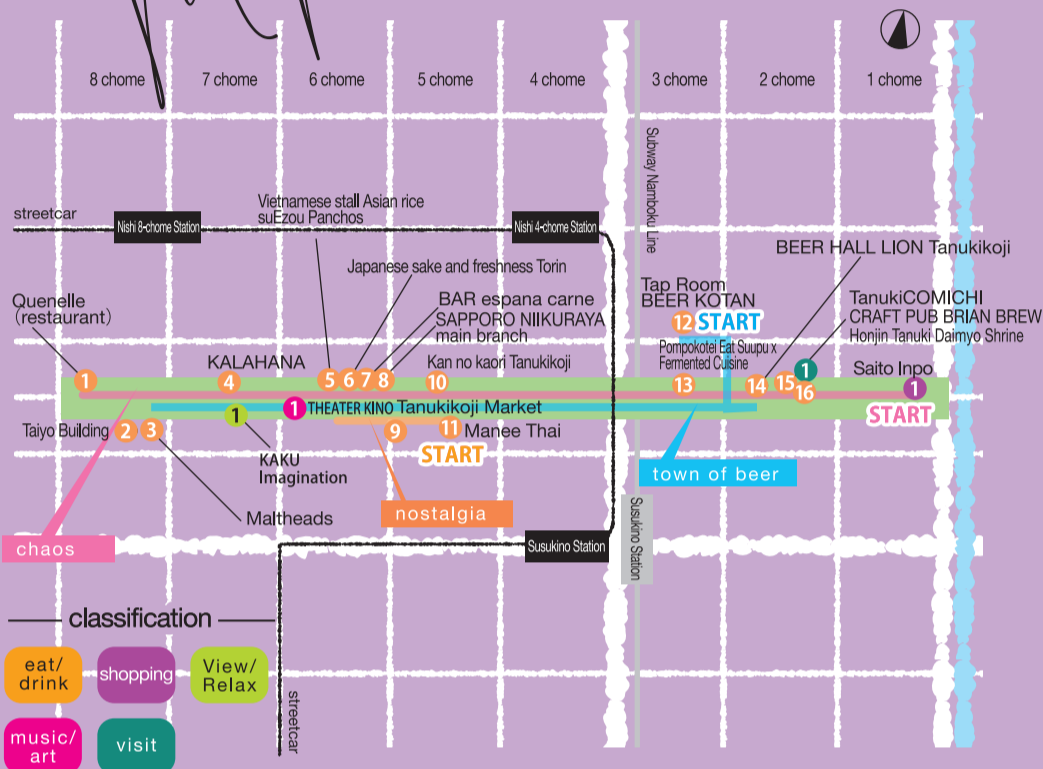

● **Taiyo Building**

The retro-style Tanukikoji 8-chome, where the shopping arcade ends, is commonly known as "Tanu Hachi." 2 The Taiyo Building, a landmark of Tanu Hachi, is also known as a gourmet building that houses unique and talented restaurants. On the basement level, there are Chinese restaurants "Chagetsusai" and "Sushi node", beer and whiskey restaurant "3 Maltheads", and on the second floor, bistro "gaucher", Japanese restaurant "Kokon Yamahisa", Italian restaurant "teatro di massa", oden restaurant "BUNJIRO", and many more. If you are at a loss to choose a restaurant in Tanukikoji, this is definitely the place to go! It is the best place to go.
