The first shopping street
in Hokkaido.

It began with 2-chome.

Tanukikoji area was once a center of popular culture that attracted citizens, with theaters, movie theaters, and cash grabs at the end of the year. Since the increase of inbound tourists, more and more stores (drug and souvenir stores) are catering to tourists. On the other hand, you can feel traces of popular culture in the small theaters and movie theaters. In addition to the oldest beer hall in Sapporo, beer pubs are scattered throughout the area, where visitors can enjoy craft beer and enjoy the beer town Sapporo has been and is today. Furthermore, Tanukikoji Alley 6-chome and 7-chome are home to unique restaurants that attract citizens, and you can feel that the area is still a place of popular culture. From 5-chome to 8-chome, there are Italian, Spanish, Korean, Thai, and Vietnamese cuisines, making this a multinational venue. In addition, the area around Tanukikoji 8-chome, commonly known as "Tanuhachi," where the arcade ends, has cafes and restaurants that attract the younger generation and offers something different from Tanukikoji Arcade.

[Tanukikoji area] Edition

The "Sapporo Burari Techo" was created by members affiliated with tourism business in Sapporo who gathered under the name "Sapporo Concierge." For over six months, members held workshops, split into groups by area and held numerous discussions. They imagined they were tourists and actually walked the streets of towns and cities in search of appeal and charm they wished to convey to others, and compiled their findings into this handbook. The "Sapporo Burari Techo" has carefully selected attractive stores, shops, and more that one would find if living in Sapporo, and incorporated these into the various courses introduced, so visitors can be excited as they venture around Sapporo to discover the wonders it has to offer. It is our hope that you will discover and enjoy new and unordinary charm of Sapporo.

Sapporo Concierge

Porocon (short for Sapporo Concierge)

The Sapporo Concierge chooses eight areas of central Sapporo introduced in the Burari Techo and offers a "Porocon Walking Town Guide" service. Here we introduce recommended walking courses based on information in the Burari Techo, as well as courses that meet the needs of visitors, taking into account the season and weather conditions, combined with added hidden stories about each location.

Three Faces of Tanukikoji

Tanukikoji is one of the oldest shopping streets in Hokkaido, stretching 900 meters east to west from 1-Chome to 7-Chome, and you can walk through the rows of stores in no time. Each block has its own unique characteristics, and we recommend Tanukikoji 1-chome to 3-chome if you want to feel the vestiges of an old shopping street. Tanukikoji 3-chome to 5-chome has souvenir stores and drugstores that attract many inbound visitors, and Tanukikoji 6-chome to 9-chome offers unique stores that are both nostalgic and new. For a nostalgic yet new and unique shopping experience, look no further than Tanukikoji 6-9 chome.

A shopping arcade that can be enjoyed regardless of the weather

Tanukikoji can be accessed by walking through the underground shopping arcade even on rainy or snowy days, or by taking the streetcar. Tanukikoji is covered by an arcade from 1-chome to 7-chome, so it can be enjoyed regardless of the weather. If you look closely at the arcades, you will notice that 7-chome is a bit older. You may also note that each arcade has its own expression.

Tanukikoji Market

9 Tanukikoji Market is located on the south side of Tanukikoji 6-chome. It was established in the early Showa era. In the past, there used to be many stores lined both sides of the aisle selling merchandise face-to-face, but now only a fresh fish store and a fruit and vegetable store remain. Small restaurants have been added little by little, blending the old with the new and creating a unique atmosphere. The variety of restaurants includes "Sushi Shimokura," Robata-yaki (Robata grill) "Menme," "Kirin" (dumplings and xiaolongbao), "Gon" (soba noodles and a la carte dishes), "Matsuri Sushi" (stand-up-eating), "Jingisukanya Miyashita Shoten," and many more.

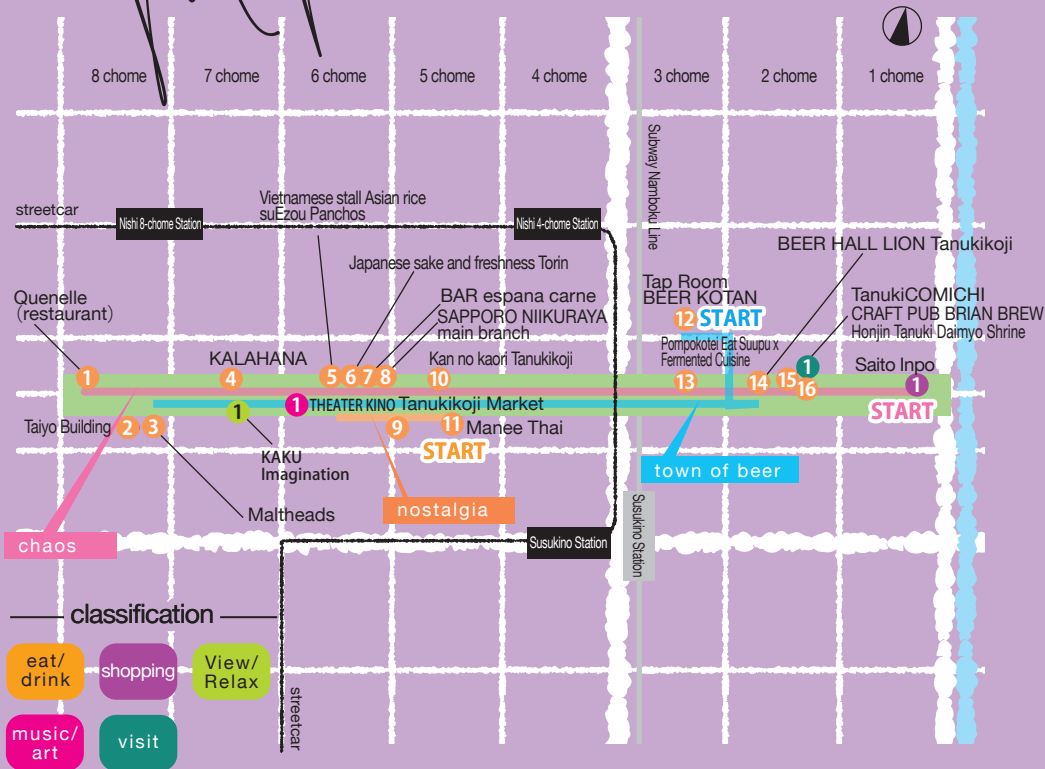

Taiyo Building

The retro-style Tanukikoji 8-chome, where the shopping arcade ends, is commonly known as "Tanu Hachi." 2 The Taiyo Building, a landmark of Tanu Hachi, is also known as a gourmet building that houses unique and talented restaurants. On the basement level, there are Chinese restaurants "Chagetsusai" and "Sushi node", beer and whiskey restaurant "3 Maltheads", and on the second floor, bistro "gaucher", Japanese restaurant "Kokon Yamahisa", Italian restaurant "teatro di massa", oden restaurant "BUNJIRO", and many more. If you are at a loss to choose a restaurant in Tanukikoji, this is definitely the place to go! It is the best place to go.
