| 項 目                                    | 令和6年度版<br>頁番号      | 内 容                                                      |
|----------------------------------------|--------------------|----------------------------------------------------------|
| 3-1-2-6 配水池設計における3次元効果に係る補正            | 新設                 | ・ 補正係数の追加                                                |
| 3-1-3 補正                               |                    |                                                          |
| 3-1-3-1 設計対象容量に係る補正                    | 237～238            | ・ 表記の修正                                                  |
| 第3節 浄水場設計歩掛                            |                    |                                                          |
| 3-3-1 適用範囲                             | 246                | ・ 適用範囲の追記                                                |
| 3-3-2 基本歩掛                             |                    |                                                          |
| 3-3-2-2 実施設計(詳細設計)                     | 261～265<br>268～278 | ・ 第4-1～5表 備考<br>表記の修正と追記<br><br>・ 第5-1～5表 備考<br>表記の修正と追記 |
| 3-3-2-5 浄水場設計における2次元静的非線形解析に係る補正       | 新設                 | ・ 補正係数の追加                                                |
| 3-3-2-6 浄水場設計における3次元効果に係る補正            | 新設                 | ・ 補正係数の追加                                                |
| 3-3-3 補正                               |                    |                                                          |
| 3-3-3-1 設計対象水量に係る補正                    | 279～280            | ・ 表記の修正                                                  |
| 第4章 耐震補強設計歩掛                           |                    |                                                          |
| 第2節 配水池 耐震診断(詳細診断)歩掛及び耐震補強設計歩掛         |                    |                                                          |
| 4-2-1 適用範囲                             | 290                | ・ 第1表 適用範囲の追記<br><br>・ 第2表 表記の削除                         |
| 4-2-2 基本歩掛                             |                    |                                                          |
| 4-2-2-1 耐震診断(詳細診断)                     | 291～293            | ・ 第3-1～3表 備考<br>表記の修正と追記                                 |
| 4-2-2-2 耐震補強工事の実施設計                    | 293～294            | ・ 第4-1～3表 備考<br>表記の修正と追記                                 |
| 4-2-2-6 耐震補強設計(配水池)における2次元静的非線形解析に係る補正 | 新設                 | ・ 補正係数の追加                                                |
| 4-2-2-7 RC配水池3次元効果に係る補正                | 新設                 | ・ 補正係数の追加                                                |
| 4-2-3 補正                               |                    |                                                          |
| 4-2-3-1 設計対象容量に係る補正                    | 295                | ・ 表記の修正                                                  |

| 項 目                                       | 令和6年度版<br>頁番号 | 内 容                   |
|-------------------------------------------|---------------|-----------------------|
| 第3節 浄水場土木施設 耐震診断（詳細診断）歩掛                  |               |                       |
| 4-3-1 適用範囲                                | 296           | ・ 第1表 適用範囲の追記         |
| 4-3-2 基本歩掛                                |               |                       |
| 4-3-2-1 耐震診断（詳細診断）                        | 299           | ・ 第3-1表 備考 表記の修正と追記   |
|                                           | 301           | ・ 第3-2表 備考 表記の修正と追記   |
| 4-3-2-5 共同溝（耐震診断）基本歩掛                     | 302           | ・ 第7表 備考 表記の修正と追記     |
| 4-3-2-6 浄水場土木施設耐震診断（詳細診断）2次元静的非線形解析における補正 | 新設            | ・ 補正係数の追加             |
| 4-3-2-7 浄水場土木施設耐震診断（詳細診断）3次元効果における補正      | 新設            | ・ 補正係数の追加             |
| 4-3-3 補正                                  |               |                       |
| 4-3-3-1 設計対象水量に係る補正                       | 303           | ・ 表記の修正               |
| 第4節 浄水場土木施設 耐震補強設計歩掛                      |               |                       |
| 4-4-1 適用範囲                                | 304           | ・ 第1表 適用範囲の追記         |
| 4-4-2-1 耐震補強工事の実施設計                       | 307～308       | ・ 第3-1～2表 備考 表記の修正と追記 |
| 4-4-2-5 共同溝（耐震補強工事の実施設計）基本歩掛              | 309           | ・ 第7表 備考 表記の修正と追記     |
| 4-4-2-6 浄水場土木施設2次元静的非線形解析に係る補正            | 新設            | ・ 補正係数の追加             |
| 4-4-2-7 浄水場土木施設3次元効果に係る補正                 | 新設            | ・ 補正係数の追加             |
| 4-4-3 補正                                  |               |                       |
| 4-4-3-1 設計対象水量に係る補正                       | 310           | ・ 表記の修正               |

令和 7 年度水道施設整備費に係る歩掛表 改定比較表
